

Kansas raised over \$206,000 in the student body.

Missouri will raise \$250,000.

Michigan raised \$800,000 in a half day, boosted their limit to \$1,250,000 and raised that in another day.

Again they raised it, this time to \$1,500,000, and raised that in another day. What will Missouri do?

Listen for these cannon shots by R. O. T. C. Artillery and know how the campaign is going.

Complete Facts Concerning the Missouri Memorial Union Building

The Union is An Organization

Of Alumni, Student and Faculty formed to create the spirit of good fellowship among all members of the University.

The Immediate Purpose of the Union

Is to erect a building that will serve as a common meeting place for all, and which will be a Memorial to those Missouri men and women who served in the recent war. The Tower will especially commemorate those Fifty-two men who made the supreme sacrifice.

The Future Purpose of the Union

Is to develop a democratic spirit in the University and to foster the ideals for which those men died.

The Union Idea Grew Out of the Need

For a center of University life. The growth of the student body has tended to cause it to split into factions. A lack of fellowship is the result and such lack will be of harm to University spirit.

Features of the Building

The Missouri Memorial Union Building will be divided equally between the men and women. The south wing of the building will be set aside for the women. This will contain a parlor, writing room, game room, and offices for the Dean of Women, W. S. G. A. and Y. W. C. A. The men's wing will contain a lounging room, smoking room, bowling alleys, billiard room and an auditorium. Other features of the building will be a grill room, banquet room and dance hall, small dining rooms and club rooms. The tower with its chimneys will contain war relics and bronze records of the men who died in the service.

The final details, however, have not been worked out and the plans have not been drawn for the interior. The members will ultimately determine what will be included in the building.

The Payment of a Life Membership

Will be made according to the following table. Collection of the payments after a student has left school will be made by the Board of Curators. The money will be handled by the Board of Curators and Leslie Cowan, secretary of the University.

	1921	1922	1923	1924	1925	1926	1927
Senior	\$10	\$18	\$18	\$18	\$18	\$18

Sophomore	5	10	10	18.75	18.75	18.75	18.75
Freshman	5	10	10	10	21.67	21.67	21.67

Why the Building Cannot Be Built By the State

A Union building is the one place of the campus dear to the heart of alumni and students. At Missouri it will be in addition a Memorial to those men who died for their country. Intimately connected with college life and sentiment of alumni and students, it is only fitting that they themselves should build it.

The state can be asked to provide classrooms, equipment and instructors, but not a Union building.

How the Union Will Be Managed

The direction of the Union will be under the Board of Curators. The Union will elect a board of managers who will in turn appoint a director to be permanently on the job.

Incidental Fee Makes All Students Members

Heat, light and water will be furnished by the University. The remaining upkeep expense will be secured by raising the incidental fee of the University three dollars a semester. This three dollars may be applied toward a life membership. There will be no subscription campaign for maintenance.
